

# Classic Horror Films Spirit

collage and artist blood / 127 x 178 mm  
2018

*submission to the open call "Classic Horror Films"*

# ABOUT

Instead of going with the well known classic horror movies i went with the spirit and feeling of those same motion pictures. The unknown that lurks on your bedroom at night while you sleep, the strangeness under the mask... through simple compositions of two elements, background and shape, where a grayscale image contrasts with another in color.
